

Category 1: Numerical

Question 1 (1 point): How many computer monitors are on the table closest to the map wall decal?

Response: Print 6 in terminal.

Category 2: Object Reference

Question 2 (1 point): Find the potted plant on the file cabinet.

Response: Bounding box of the object

Question 3 (1 point): Find the paper cup on the table closest to the projector screen.

Response: Bounding box of the object

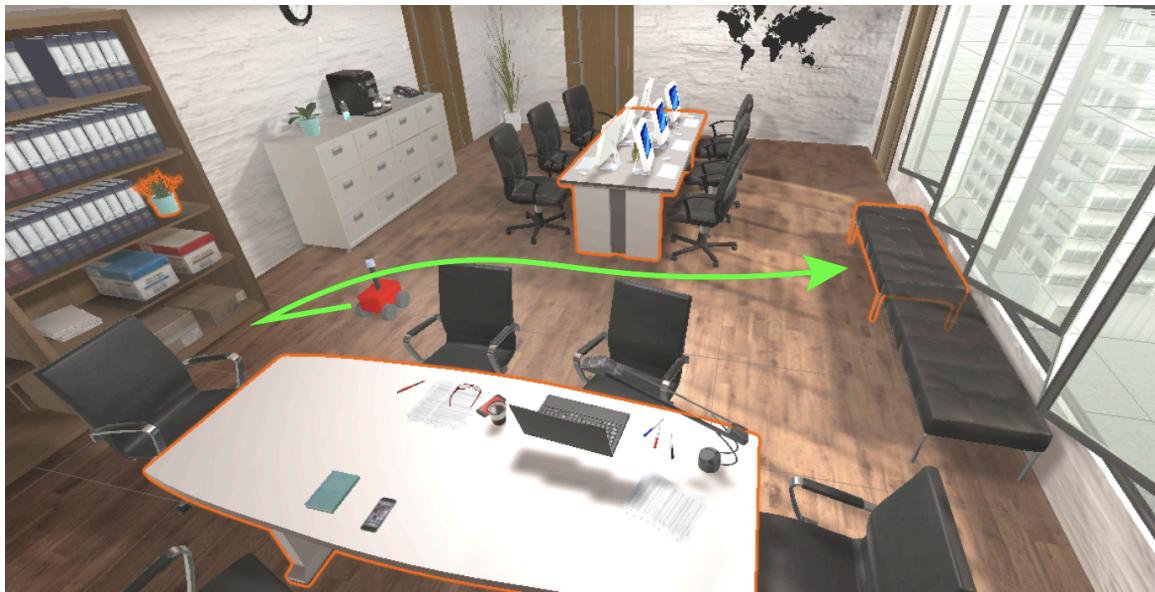

Category 3: Instruction Following

Question 4 (2 points): Go to the potted plant furthest from the projector screen then stop at the water cooler near the window.

Response: trajectory (series of waypoints)

Question 5 (3 points): First, go near the potted plant on the shelf, then take the path between the two tables, and stop at the bench closest to the map wall decal.

Response: trajectory (series of waypoints)

Note: The number of points of a question is based on the number of steps in the response. For example, Question 5 expects 3 steps in the response and is worth 3 points. The score is calculated as the number of correctly responded steps.
