

Category 1: Numerical

Question 1 (1 point): How many cups are on the coffee table?

Response: Print 2 in terminal.

Category 2: Object Reference

Question 2 (1 point): Find the stool closest to the shelf near the TV cabinet.

Response: Bounding box of the object

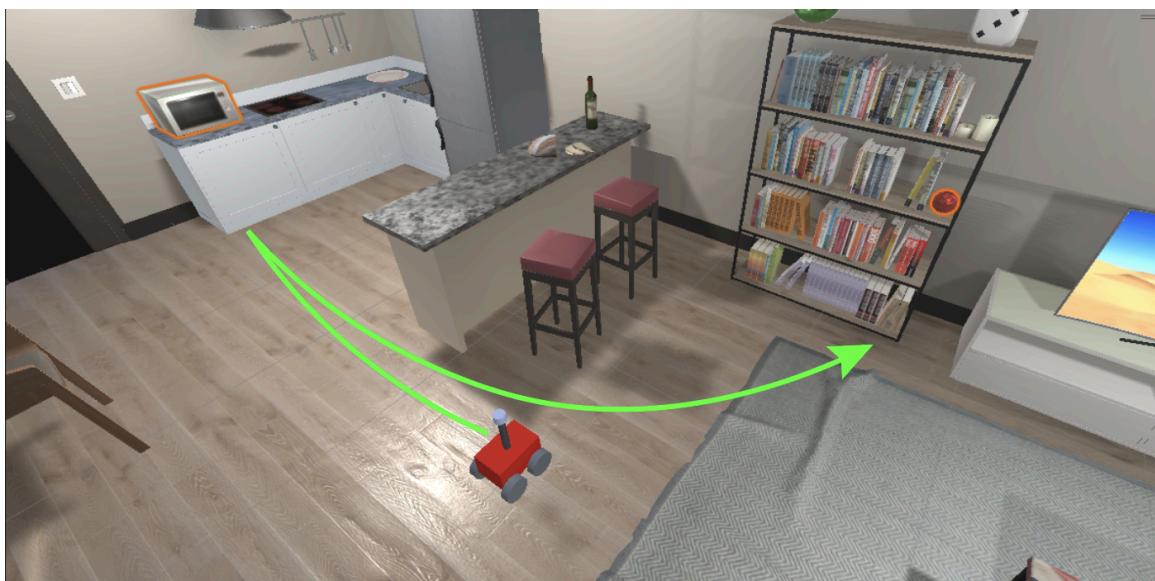

Question 3 (1 point): Find the pillow on the sofa that is closest to the lamp.

Response: Bounding box of the object

Category 3: Instruction Following

Question 4 (2 points): Go to the microwave on the kitchen counter and then go to the crystal ball decoration on the shelf near the TV.

Response: trajectory (series of waypoints)

Question 5 (3 points): First, go to the chair near the window, then stop at the soccer ball near the couch, avoiding the path between the TV and the tea table.

Response: trajectory (series of waypoints)

Note: The number of points of a question is based on the number of steps in the response. For example, Question 5 expects 3 steps in the response and is worth 3 points. The score is calculated as the number of correctly responded steps.
